

# DISCUSS HOW TO “FIND YOUR FIT” WITH OUR CAREER GEAR TOOL

Find it under Ottawa Employment Hub's Employment & Learning Resources  
<https://ottawaemploymenthub.ca/employment-learning-resources/career-gear/>

**EXPLORE MORE**

Use our tool to help youth find their fit and take action to manage their career and learning in the new “world of work”

The Career Gear tool provides a model for career exploration and management that will help youth through four important steps to position themselves for success in the world of work. These four steps guide informed decisions and taking action throughout a person’s career journey. It is a tool that can be returned to again and again to redefine and shift a person’s career journey!

1. CAREER CLARITY: Looking inward to understand yourself and your toolkit
2. GOAL CHECK: Explore the “world of work” and what employers want
3. VALUE PROPOSITION: Create your compelling story
4. TAKE ACTION: Apply your learning and take your next step
