

Product Engineering Services for the High-Tech Sector

High Tech Genesis Inc.

Hardware Designer

ID #: PSTLE1006HD
Location: Montreal Quebec, Canada
Term: 6-Month contract
Salary Scale: TBD

High Tech Genesis is looking for a Hardware Designer who will design and develop excellent hardware platforms.

Must have:

- 3+ years of analog and digital experience in circuit design and analysis;
- minimum of 3 years of proven experience with embedded products;
- specific experience in design of video based embedded systems including video sensor interface, video capture, video encoding, video decoding and video processing;
- proficient on Microsoft Office Tools advanced features (Word, Project, Access and Excel);
- demonstrate strong hardware design fundamentals;
- agile process experience, ability to work in fast-paced and distributed teams;
- skilled with tools such as Altium Designer, Orcad and DxDesigner;
- hands-on experience with software tools and functions allowing for basic board bring-up & testing; and
- ability to manage and deliver a dynamic set of objectives within time and quality targets.

Nice to have:

- French and/or English
- BS/MS in Electrical/Computer Engineering or equivalent combination of training and experience
- strong listening and communications skills

Note 1: You **MUST** be legally entitled to work in Canada (i.e. possess Canadian Citizenship, Permanent Residency or Valid Work Permit)
